

**WARNING: READ THE ASSEMBLY INSTRUCTIONS CAREFULLY BEFORE ASSEMBLING THE LUNCH AND LEARN SETTING.**

Make sure to wear protective gloves and foot protection when installing and assembling this product. Unpack the unit and make sure all the components are included before proceeding. This activity requires two or more people as lifting is involved. Please ensure bolts are only finger-tightened during the assembling process for flexibility in lining up components. Securely tighten the bolts before anchoring the product to the ground.

Thank you for purchasing our high quality products. *The Lunch and Learn Setting Primary Size has been manufactured with certified materials, to achieve high reliability and minimum maintenance. It is our commitment to provide cost effective solutions for outdoor applications.*

### 1

Lay the table bench (FL2) upside down on a flat surface. Avoid direct contact between the top bench and the ground, to prevent damages or scratches on its surface.

### 2

Have the main frames (FL1) frame in place, tags facing inward and connect them to the table bench (FL2), by using cup head bolts (FL6), locknuts (FL7) and washers (FL8).

### 3

Turn the entire assembly up and connect the two seating planks (FL3) to the main legs (FL1) as shown, by using with hexagonal head bolts (FL4) and nuts (FL5).

### 4

Tighten all bolting accessories with spanners and appropriate tools. Attach the whole unit to the ground, by using dyna-bolts on each frame lug.
